

Consciousness of Almighty God

Introduction:

Consciousness of real existence of Almighty God is the next progressive step upwards, after establishing His Existence as the foundational base. All Muslims must understand and perceive Almighty God, not as a visible material body¹, but as ever-existing Superlatively Supreme Invisible Spirit with no point of commencement². Almighty God will forever exist and outlast everything He created in this world, and in all universes of all galaxies. The spread of Almighty God is most vast and limitless; beyond the realm of human imagination. His Command is Power. An essential feature about consciousness of Almighty God is that we must forever remember: He is the Best Aware and the Best Knower of everything: including all plans and thoughts of whatsoever description crossing in our minds, no matter how secret they may be kept.

Discussions on Consciousness of Almighty God:

- 1) The Holy Qur'an states most authoritatively that Almighty God is ever Watchful over all things at all times: this stipulation seals as fact, the truthful statement about God consciousness. This description is stated in the Holy Qur'an at **HQ89:14** *"Surely your Lord is Watchful."* Almighty God created mankind from the two original humans, (Adam and Eve) and from whom spread out worldwide, over thousands of years³, the entire human population till this day.
- 2) It is indeed amazing that Almighty God gives each person His divine love, care and watchful oversight. This is most proudly stated in the Holy Qur'an at **HQ4:1** *"O people, keep your duty to your Lord, Who created you from a single being and created its mate of the same (kind)⁴, and spread from these two many men and women. And keep your duty to Allah, by Whom you demand one of another (your rights), and (to) the ties of relationship. Surely Allah is ever a Watcher over you."*
- 3) All of mankind are warned in the Holy Qur'an to be aware of their truth of existence and remember Almighty God at all times as part of God consciousness. Further,

¹ Material body places serious limitations: means the "body" cannot be everywhere at same time.

² Almighty God has no commencement, as the next very obvious question would then be arising as "then who made Almighty God?"

³ According to Holy Qur'an, Almighty God made Adam from black sounding clay upon His Command. Almighty God then breathed the spirit of life into Adam and he became a well-made man. Subsequently, Almighty God made another model as female and also breathed the spirit of life into her and she became Adam's partner, Eve. (HQ15:26)

⁴ This does not mean "taking a rib out of Adam to make Eve." What that means is that genetically the same formula was used to make a female version, basically for reproduction subsequently thereafter by natural means. The Command from Almighty God is amply sufficient to create any person or thing.

that mankind must at all times remember and revere Almighty God as One God, and must not ever include any alternate substitute⁵ to Him.

- 4) Almighty God reminds all of mankind that He is closer to people than the very veins in their bodies. These quotations from the Holy Qur'an are at two places as **HQ2:163** *"And your God is One God; there is no God but He! He is the Beneficent, the Merciful."* **HQ50:16** *"And certainly We created man, and We know what his mind suggests to him — and We are nearer to him than his life-vein."*
- 5) The Holy Qur'an reminds mankind in numerous quotations, not to take worshipping of lifeless gods but accept Almighty God only, most truthfully as One God. Although God consciousness is imposed upon all Muslims, mankind cannot physically see Almighty God as materially so with human eyes. This is stated in the Holy Qur'an at **HQ11:1-2** *"I, Allah, am the Seer. A Book, whose verses are characterized by wisdom, then they are made plain, from One Wise, Aware: that you should serve none but Allah. Surely I am to you from Him a warner and a giver of good news."*
- 6) There are times, when people get into some form of distress and that prompts them to become conscious of Almighty God, pleading with Him for assistance. However, once the distress has been taken away, then those same people forget their previous pleading to Almighty God and behave as if there was no distress. Little appreciation do they give to consciousness of Almighty God. The Holy Qur'an reminds such people with the quotation at **HQ59:18-19** *"O you who believe, keep your duty to Allah, and let every soul consider what it sends ahead for tomorrow, and keep your duty to Allah. Surely Allah is Aware of what you do. And do not be like those who forget Allah, so He makes them forget their own souls. These are the transgressors."*
- 7) God consciousness includes the basic factual knowledge that Almighty God has a system of recording all of mankind's actions, of both deeds and misdeeds. This reminder is quoted in the Holy Qur'an at **HQ45:29** *"This is Our record that speaks against you with truth. Surely We wrote what you did."* Whilst Almighty God is watching and recording all activities of each and every person, people cannot see Almighty God as visual material⁶, because Almighty God is as ever-existing Superlatively Supreme Invisible Spirit.
- 8) The Holy Qur'an reminds mankind with the story about Prophet Moses on Mount Sinai, when God caused a mountain to vanish into dust, demonstrating His Power and His Greatness: and Prophet Moses then fell into a swoon. This historical event is recorded in the Holy Qur'an⁷ at **HQ7:143** *"And when Moses came at Our*

⁵ In the main, this total prohibition refers to idolatry and polytheism of any description whatsoever. Mankind must also be conscious at all times, their hand sculptured lifeless idols are their own handiwork of recent times, and those sculptured lifeless idols were not the creators of the universes and the galaxies, billions of years previously.

⁶ Refer to Footnote 1.

⁷ The same narration also appears in the Jewish rabbinical scriptures and in the Bible for consistency.

appointed time and his Lord spoke to him, he said: My Lord, show me (Yourself) so that I may look at You. He said: You cannot see Me, but look at the mountain; if it remains firm in its place, then will you see Me. So when his Lord manifested His glory to the mountain, He made it crumble and Moses fell down fainting. Then when he recovered, he said: Glory be to You! I turn to You, and I am the first of the believers.”

- 9) The Holy Qur’an imposes upon mankind to be aware of the unseen existence of Almighty God at every moment of their lives, that Almighty God is watching both mankind and everything else within the universe systems at all times. God consciousness includes that basic knowledge that Almighty God is recording every thought and actions of mankind at all times till Judgement Day: all mankind’s actions are recorded in a book for each person. In fundamental simplicity, for all peoples of all communities to understand without doubt, Almighty God has described His evidence gathering process as each person’s “two books.” Under current technology, the books are perhaps similar to an analogy of “video replay” of everything, every person did in that person’s material worldly life. **HQ17:13-14** *“And We have made every human being’s actions to cling to his neck, and We shall bring forth to him on the day of Resurrection a book which he will find wide open. Read your book. Your own soul is sufficient as a reckoner against you this day.”*
- 10) The book on the right side, shall record all the deeds and spiritually gainful benefits that the person has accrued throughout one’s material life on Earth. The book on the left side shall record all the misdeeds, sins and all religious non-compliance and wrongs that the person has accrued throughout one’s material life on Earth. Mankind must remember that Almighty God watches and knows in every detail about each person: from conception till death.
- 11) In terms of God consciousness, mankind is ever warned in the Holy Qur’an that Almighty God is the Architect of all His Creations, as the Designer, as the Fashioner, as the Beneficent, as the Merciful and as the Forgiver of sins. Almighty God still really loves the entire spread of mankind, regardless of their mix of deeds and misdeeds.

Conclusions on Consciousness of Almighty God:

- a) After positively establishing in peoples’ minds the existence of Almighty God, then people must at all times also become conscious of Almighty God.
- b) Almighty God is the ever-existing Superlatively Supreme Invisible Spirit but not as a defined visual material body of physical limitations.
- c) Almighty God is also ever-watching each and every activity humans are involved in and He also records all of every human’s actions and thoughts in their minds.
