\$100,000 spent on distribution of free literature in one 1998

Our sister organisation in the US spent \$100,000 on distribution of free literature all over the world. We envy their dedication and spirit of sacrifice in the cause of Islam and pray that Allah may also grant us the same spirit.

Ten Thousand copies of the Russian Translation of the Holy Quran are to be distributed free

The Russian translation of the Holy Quran has been printed and it is being distributed in Russia. Ten thousand copies of the Holy Quran are to be distributed FREE in the Russian Federation. Mrs Samina Sahu Khan, Dr Noman Ilahi Malik and Dr Muhammad Ahmad, directors of our sister organisation in the US, accompanied by the translators, Dr and Mrs Sadestsky, visited Russia in August 1998 to launch the Russian translation. They visited mosques and Islamic Centres in and around Moscow and Kazan. They were warmly welcomed where ever they went and their generous gesture of donating such a large number of copies of the Holy Quran free was greatly appreciated.

Our Russian Muslim brothers and sisters seemed to be free of bigotry and

ance. They viewed Islam as a peaceful and liberal religion which did not force itself upon others. Our brothers from the US have been invited back to Russia, next year. May Allah bless them for their efforts. May He also allow the prophecy of the Promised Messiah, that one day members of his jamaat in Russia will outnumber grains of sand, to come true through their efforts.

Regional Convention in US

At the last regional convention Dan Cade embraced Islam. Abdul Rahman (Mike Crispin), Sister Miriam (Cheryl Crispin), Saeed Ahmad, Sister Saffiyah and Mohammad Sadiq returned to the fold of Islam and joined the Ahmadiyya Movement. Brother Emad Noor, an Arab, also joined the Movement after reading Hazrat Mirza Ghulam Ahmad's Arabic book, *Hamamatul Bushra*.

Two masterpieces reprinted

Jesus in Heaven on Earth and Muhammad in World Scriptures (vol. 1) have been reprinted by the US jamaat. The real achievement has been the dedication with which these books have been checked for errors. Muhammad in World Scriptures contained references in Greek and Latin which were pains takingly checked and corrected by Brother Selim Ahmad. He laboured for long hours despite severe personal problems.

Turkish & Korean Translations

A number of our smaller publications, Islam The Religion of Humanity, The Prophet of Islam and Muhammad The Prophet, have already been translated into Turkish and are in the process of being typeset and printed. Work on the

Turkish translation of the Holy Quran, The Religion of Islam and Manual of Hadith has now started.

Work of the Korean translation of the Holy Quran has also started.

WEB Site

The WEB site created by the US jamaat has proved to be invaluable to the cause of propagation of Islam. In one year, to July 1998, 70,000 people accessed our WEB site. This is an ever increasing rate. Statistics show that in July 1998 alone 10,000 people visited the site.

Berlin Mosque Repairs

First phase, repairs to the mission house fabric, was completed at a cost of **DM462,000!** The major cost was for the replacement of the whole mission house roof. **Donations were given by: German Government DM350,000, the Architect Mr Lampeiti DM12,000 (!), building contractors DM50,000 (free materials and labour!), Central Anjuman DM50,000.**

The second phase has now been approved by the German government at a cost of **DM200,000** for repairs to the mosque and rebuilding one minaret. Mr Lampeiti and Sister Samina convinced the government to provide extra funds to replace the mission house windows, the front door and interior decor. We hope that further donations will result in the construction of the second minaret, thus **completing the repairs at a cost of DM1,000,000.**

May Allah bless all those whose sacrifices made the completion of these projects possible and grant us the strength to make ever greater sacrifices in the cause of Islam.
